Quote:

"On behalf of myself, the School Committee and the governing Body of the Primary Advantage Federation. I would like to thank you for the remarkable playground you have created. Every morning, I find it uplifting to enter such an attractive environment. This sensory delight is appreciated by the parents and children alike. It is like walking across a luxury carpet and the colours create a very cheerful effect. The children are very please with it because they have more freedom to leap around. They are now safer and more confident in their physical activities."
